

## **Meet Board Member Alan Johnson!**

Alan is a Colchester County resident, busy stepdad to three teenagers and a local realtor with a background in broadcast journalism. Joining the Foundation Board in 2021, he was motivated by the knowledge that healthcare is the one thing that we all share equally.

“It’s a responsible sharing and I like to do what I can to promote that.”  
He enjoys the intelligent board discussions of where our precious dollars are spent.

**FUN FACT** – I generally do freshwater lake swimming from April until October each year. And I often do a Polar Bear Dip at New Year’s, when ice conditions allow.

*“Rise by Lifting Others.”*
