

Meet Vice-Chair of the Foundation Board, Lisa Patton!

Born and raised in Upper Onslow, Lisa has lived in Onslow Mountain for 30 years. Lisa works for the Nova Scotia Department of Agriculture and is also a Municipal Councilor with the Municipality of the County of Colchester. Lisa has served the Hospital Foundation for three years and knows that she is a small, but important piece of the big picture.

Lisa loves it when an event or fundraiser comes together and is more successful than she anticipated. She finds it rewarding to play a role in making decisions for enhanced patient comfort and care.

FUN FACT – She met Colonel Sanders once – while wearing her pajamas! It was almost bedtime and her father brought him home to meet the family after a tour of the farms in Colchester County.

“I have always enjoyed being a volunteer in any capacity, but especially enjoy witnessing the improvements that take place at our hospital as a result of the Foundation and generous donors. The sense of community that comes from volunteering is immeasurable.”
